CITIZENS BUILDING CONCERN SECURES $36,000 PERMIT

Contract Is Awarded Local Contracting Firm; All Space In Demand

Marking another step in the city's progress a building permit for $36,000 was taken out this morning by the Citizens' Building corporation for a structure two stories high, 50 by 110 feet in dimensions and housing a large ground floor store and news stand with Chamber of Commerce headquarters, offices, public rest rooms and comfort stations, a banquet hall auditorium, private dining room and kitchen on the second floor.

Already all of the space in the building has been spoken for, although the leases are still open, according to Secretary James M. Rhoades. If present plans are carried out one of the finest store fronts in southern California will beautify the block which will face The Glendale Evening News office.

Contract Is Awarded

At last night's meeting of the board of directors of the building company the general contract was awarded to W. S. May, J. C. May and W. H. Hellman, a local contracting firm which built the First National Bank block and other local structures. The R. L. Kent company prepared the plans and will act as supervising architect, Mr. Kent being a member of the board of directors.

The building will be known as the Chamber of Commerce block and the plans incorporate into the arrangement of the second floor the long-sought comfort stations for visitors in Glendale. Altogether it is a great improvement, made possible through the enterprise of the Citizens' Building corporation, of which E. U. Emery is president.

Long Distance Phone Makes Miles Dissolve

How far in miles, yet so close in thought!

That is the long distance telephone as demonstrated to E. W. Cizek, of the Cizek Autolectric company, Colorado and Brand boulevards.

For eleven minutes yesterday he talked to his father and mother, residents of Manitowoc, Wis. He states that he heard them very plainly. His attention was called to the ease with which one could talk to relatives, friends or business associates in the east by the fact that H. M. Kuhn, his partner, received a call saying that his mother in Detroit, Mich., was not expected to live.

Miss Veda Knapp Is Hostess to Orchestra

The first meeting of the orchestra composed of members of the Junior Auxiliary of the Glendale Music club was held last night at the home of the president, Miss Veda Knapp, 214 West Chestnut street, with fifteen present, including the director, Mrs. Dora Gibson. Thirty members of the auxiliary have already signed up for orchestra work and it is anticipated that before long there will be fifty. The auxiliary is open to membership for anyone between the ages of 14 and 21. The next meeting of the orchestra will be held Monday night at the high school.

Lavera Kitterman Is Beach Party Hostess

The J. W. F. Sunday school class of the First Methodist church, of which Miss Lavera Kitterman is teacher, enjoyed a beach party yesterday afternoon and evening. In the afternoon they motored to Santa Monica, where a dip in the surf was engaged in. Later they went to Ocean Park where a picnic party was held on the sand. Those who made up this pleasant party were Janice Cecil, Pauline Wilson, Evelyn Traver, Carmine Myers, Charlotte Cleveland, Mr. and Mrs. R. F. Kitterman and Kathryn Kitterman.

R. N. Taylor Will Attend Annual Outing

R. N. Taylor, member of the Glendale G. A. R., will be among those who will take advantage of the Southern California Veterans' association annual outing which will be held at Santa Monica canyon for ten days beginning next Tuesday, August 2. It is anticipated that a large representation of the Glendale N. P. Banks post and corps and the Sons and Daughters of Veterans will attend the outing.

City Council Gives C. E. Kimlin Charge Of Public Welfare; He Is Well Qualified To Fill Position

From left to right: Virginia, age 13; Marjorie, age 18; Mrs. Myrtle R. Kimlin; Phyllis, age 6, and Clarence E. Kimlin

THE PUBLIC'S WELFARE—a big problem in any community—has been given over by the Glendale City Council to their fellow member, Clarence E. Kimlin, manager of the Glendale Sanitarium and Hospital. And probably no other city in the United States is more fortunate in having such a man for the place. His life work has been devoted to the welfare of others and it is exemplified by his home and family.

In addition to his councilmanic duties Mr. Kimlin is vice-president of the Welfare Council which is presided over by Mrs. E. D. Yard. Here are a few of the things he stands for in the way of welfare that should appeal to every home-loving citizen:

PARKS—Plenty of ground on which to play.

SWIMMING POOLS—Anything in the way of outdoor sports.

MUSIC—Not only in the home, but in public.

HEALTH—A cardinal point in the enjoyment of all other things.

Along the latter line Mr. Kimlin is an expert organizer, having brought the growing Glendale Sanitarium to a high point of efficiency and success. Prior to his association with the local institution he was connected with the famous Battle Creek sanitarium.

Favors Outdoor Sports

"I am a great believer in outdoor sports," declared Mr. Kimlin, in speaking of the new tasks he faces in dealing with the community's welfare. "I want to see the swimming pool available to the boys and girls just as soon as possible."

Possibly there was a reason—and that's one of his mottoes, "There a Reason"—because his second daughter, Virginia, aged 13, is some swimmer. Sister says so and sister ought to know.

As to music Mr. Kimlin's family exemplifies his belief in it. All three of the daughters are musically inclined. They sing and play the piano, although Marjorie says she can speak better than she can sing. But that is likely due to a year's lessons in elocution.

On the piano which graces the spacious living room of the Kimlin home at 219 North Isabel one will find not only such popular pieces as "Margie," but the good, old-fashioned hymns. The girls put the same spirit into both and mother likes to sit at her sewing with them humming about her. Such home life holds the young people, both Mr. and Mrs. Kimlin agree.

To Enter Training School

Then, to revert to the subject of health again. Miss Marjorie, aged 18, has just graduated from the San Fernando academy and on August 15 she enters the Glendale Sanitarium and Hospital Nurses' Training school for a three-year term. After that she is going to college.

"I know of nothing better in the way of practical education than a course in nursing," said Mr. Kimlin. "It gives a girl not only a profession, but fits well into home life."

Now for Mr. Kimlin's hobby. Digging around the yard and raising chickens occupies all of his spare time—which doesn't amount to many minutes, considering his multifarious duties.

Frederick O'Brien Is Getting Much Material for His New Volumes

Mrs. Frederick O'Brien of 501 South Pacific avenue has received some very interesting letters from her husband, the well-known writer, who has been living among the natives at Apia in Samoa, one of the South Sea islands, gathering material for a new book. He had lately visited the grave of Robert Louis Stevenson, and at the time of writing was living in the canoes with the natives, studying their customs and habits. He says the natives are very kind and hospitable and he has taken a great many valuable notes while there.

The Australian mail steamers are the only ones that stop for mail at this island so it will be near September 1 before Mrs. O'Brien receives another letter from her husband, but she lately received a cable stating he was leaving the South Sea Islands and would visit the Fiji islands before sailing for Panama. From Panama he will take a boat to New York and interview his publishers before coming west.

Mr. O'Brien has just finished the last of the South Sea Island series called "Atolls of the Sun."

ENTERTAINS HOUSE GUESTS

Mrs. D. D. Horning of 519 East Windsor road has as her house guests this week Mr. and Mrs. Lee Holtzworth and daughter, of Phoenix, Arizona. The visitors expect to remain about a week and their hostess is planning several pleasant outings for their entertainment.

High School Offices Being Remodeled and Other Changes Made

Carpenters are busy this week remodeling the executive offices of Glendale Union High school. While the present visitors' reception room will remain intact with its telephone switchboard and information bureau, a new private office for Principal George U. Moyse and a students' reception room are being placed in an adjacent class room.

Alterations also are being made in the mechanical arts building. More space will be given the automobile shop at the expense of the woodworking department. The importance of motor mechanics in the curriculum is deemed more important than any other manual art.

As yet the personnel of the faculty for the coming school year is not complete and the board of trustees is holding meetings regularly in working out the problems faced by the fastest-growing suburban high school in southern California.

Today marks the conclusion of a summer school held at the University of California, Southern Branch, which has been attended by Principal Moyse and several other members of the faculty.

ENJOY THEATRE PARTY

A group of Glendale girls who enjoyed a theatre party in Los Angeles Thursday afternoon included Miss Grace Judd, Misses Edith and Lois Schuyler and Miss Margaret Frazee.

REV. GLENN B. OGDEN WRITES OF INDIA AND OUTBREAKS

Missionary Informs Mother Here of Trouble With High Caste Natives

Mrs. M. L. Ogden of 501 West Colorado boulevard had word recently from her son, Rev. Glenn B. Ogden, who is a missionary at Kasganj, India. His letters can only be mailed every two months, so they are very welcome, especially as his mother has not seen him for six years and he does not intend to return to this country till 1923.

Rev. Ogden reported recent trouble with the natives of the higher castes, his work being among the lower class he finds much to contend with and recently when having a "Compound" meeting (camp-meeting), was forced to change his location quickly to avoid having his tents burned.

Rev. Ogden is married and has three little children. He states that he baptizes nearly 100 children every month.

Glendale Folk Visit School In Glendora

A happy group of children and their mothers, members of the Fortnightly Bridge club, left Glendale Wednesday afternoon in the automobiles of Mrs. Frank Ayars and Mrs. A. A. Barton for Glendora Foothills school. In the afternoon the young folk enjoyed a game of tennis and also made use of the swimming pool. In the evening the gentlemen arrived in the automobile of R. A. Puffer. At 6:30 o'clock an elaborate four-course dinner was served in the dining room of the school.

Those who enjoyed the trip included Mr. and Mrs. Frank C. Ayars and children Carolyn, Robert and Alice, Mr. and Mrs. R. A. Puffer, Mr. and Mrs. H. B. Howeth and son Herbert, Mr. and Mrs. Wm. Sawyer and children Howard and Barbara, and Mr. and Mrs. A. A. Barton and son Arthur.

Street Improvement Is Ordered by Councilmen

On motion of Councilman Dwight W. Stephenson, the city council last night instructed the city engineer to draft plans and specifications in accordance with the following report from T. W. Watson, city manager:

"In regard to the petition presented herewith for the improvement of Maple street between Columbus avenue and Central avenue, signed by Martha A. Gilmore and others:

"The total frontage in this block is 1616 feet, petition represents 908 feet which is 56 per cent of the total. This block is now unimproved. The block extending from Columbus avenue to Pacific avenue has been improved for a number of years. This is an improvement that is greatly needed especially as to the water pipe as there is no service main on this portion of the street at this time."

BACK FROM AUTO TRIP

Mr. and Mrs. Herman Paine of 339 North Maryland avenue have just returned from a twelve-day motor trip in which they covered more than 1,400 miles. They made visits at Visalia, Fresno, Oakland, Lodi, San Francisco, Sacramento and spent last week-end at Lake Tahoe. They found the roads good and the weather delightful most of the time. This is Mr. Paine's third trip to Northern California and Mrs. Paine's second.

FORMER SCHOOLMATES MEET

Mr. and Mrs. Ernest A. Amef, of Mecca, California, were guests this week of Mrs. E. Schuyler of 330 Ivy street. Mr. and Mrs. Amef were former schoolmates of Mr. and Mrs. Schuyler's when they lived near Grand Rapids, Michigan, but have been making their home in the Coachella valley. Monday they leave for a visit to their old home in Michigan.

BACK FROM CATALINA

Mr. and Mrs. H. E. Bartlett of 347 North Brand boulevard and their house guest, Dr. M. D. Lewis, cousin of Mrs. Bartlettt, have just returned from a very pleasant week's outing at Catalina Island. Dr. Lewis is a medical missionary in India.

VISITING AT LONG BEACH

Mrs. Emma T. Pray and Miss Alice Pray of 368 West Milford street are spending the day at Long Beach at the home of Mrs. Emma Boyd, a former Glendale resident.

The man who courts trouble is lucky to get off with merely a breach-of-promise action.

OUTLAWS BLOW UP JAP MILITARY TRAIN; MANY DEAD

TOKIO, July 29.—Outlaws blew up a Japanesse military train near Nikolsk yesterday, killing Colonel Miwa, Japanese chief of staff, and many other Japanese officers, according to meager reports received here today.

UNITED STATES SENDS ITS FINAL WORD TO ENGLAND

WASHINGTON, July 29.—The United States has outlined to Great Britain America's final word of opposition to the proposals for a preliminary conference to the Washington disarmanent and Pacific conferences it was learned today. Secretary of State Hughes is understood to have made plain the American attitude in detail to Sir Auckland Geddes, British ambassador, in response to continued and persistent suggestions from the British government for an early preliminary conference.

WHY ARE TROOPS KEPT IN GERMANY? SENATE INQUIRY

WASHINGTON, July 29.—Inquiry as to why American troops are being kept in Germany at a cost of virtually $1,000,000 a month will be made in the senate within the next few days. The inquiry will be along these lines: Why are the troops not brought home, now that peace with Germany has been re-established? When will they be brought home? What steps are being taken, or will be taken to obtain from Germany the $240,000,000 now overdue for support of the American army of occupation? Senator Borah said today he will seize his earliest opportunity to discuss the question in a speech. Senator Johnson, California, is expected to follow his lead.

JONATHAN S. DODGE TELLS OF BANKING CONDITIONS

SAN FRANCISCO, July 29.—California state banks increased their assets $25,500,000 during the period of April 28 to June 30, according to a statement issued today by Jonathan S. Dodge, state superintendent of banks. "The fiscal year that has just closed has been one of serious and dangerous vicissitude but in the sixty-three days from April 28 to June 30 our banking institutions have increased their assets $25,500,000 until they aggregate now $1,500,000,000. The moral relationship between loans and discounts on the one hand and deposits on the other has, in a very remarkable way, been restored. Our banks are to be congratulated on this notable achievement."

HIGHER PRICES IN EARLY TRADING ON N. Y. MARKET

NEW YORK, July 29.—Further increase in the reserve ratio for the federal reserve system made for higher prices in the early trading on the stock exchange today. The upward trend also was stimulated by the regular dividend of the Bethlehem Steel corporation which was announced shortly after the close of the market yesterday. Bethlehem B reacted favorably to 49⅜, up 1¼ from yesterday's close. Equipment issues showed a firm tone. Rails were fractionally higher. Rails were conspicuously strong in noon trading. Nearly all dividend paying carriers got into new high ground for the month during the morning session. The industrial oil list, however, was soft and much selling was in evidence.

KING DRAWN INTO LLOYD-GEORGE-NORTHCLIFFE FEUD

LONDON, July 29.—King George today was drawn into the Lloyd George-Lord Northcliffe feud. The premier, carrying his fight on Northcliffe into the house of commons, read a message from the king repudiating the accuracy of a statement, said to have been made by Northcliffe in America. In this statement, as cabled here, Northcliffe was represented as saying that the king told Lloyd George there must be no more killings in Ireland. "I hope," Lloyd George told the commons, "that the king's statement may do something to sterilize the effect of the criminal malignity which for personal ends is endeavoring to stir up mischief between the allies; misunderstandings between the British empire and the United States and frustrate the hope of peace in Ireland."

Husband Takes Dare From Wife; Now He's Out, Out Just $10

Eve dared Adam to eat the apple. Adam did—and you know the rest.

Mrs. Evye Childers dared her husband, Lee D. Childers, according to his testimony in police court yesterday afternoon, to drive his motorcar zig-zag across Brand boulevard one moonlight night this week.

Very successfully did he manipulate the steering wheel so as to interlace the Pacific Electric power poles in the center of the thoroughfare. He never hit a one.

"What a wonderful chauffeur," his wife must have thought.

But the corner cop didn't think so. He haled Mr. Childers into court and yesterday afternoon he gladly contributed a crispy new ten dollar bill to the city after Judge F. H. Lowe administered an admonition on the subject of accepting dares—even be it Eve.

ENJOYING HOUSE PARTY

Misses Edith and Lois Schuyler, daughters of Mrs. E. Schuyler, 330 Ivy street, are spending the week-end at Long Beach enjoying a house party at the summer home of Mr. and Mrs. A. F. Auer. Ernest Schuyler, Herbert Brown and Rhuark Dudley of Glendale will go down Sunday for the day and bring the girls home in the evening.

Five Days In Jail for Speeding Given Motorcycle's Rider

Harold Gilson, a Burbank youth, was fined $25 and sentenced to five days in the county jail for driving a motorcycle at 50 miles an hour on Colorado boulevard. He appeared in Police Judge F. H. Lowe's court yesterday afternoon at 2 o'clock and began serving his sentence before sundown. He will be out Monday morning for work as usual. According to evidence, he has had repeated warnings to desist from speeding.

Francis Todd also received a stiff sentence, being assessed $10 and having his license revoked for thirty days for a similar offense. Todd's motorcycle has caused him a deal of trouble recently, too.

A score more paid similar fines for various traffic law infractions.

FACTS AND FIGURES ON BUSINESS ARE GIVEN COUNCIL

T. W. Watson Tells of Totals In Revenues and Also of New Connections Made

T. W. Watson, city manager, at the meeting of the city council last night, submitted the following report relative to the business done by the public service department during the fiscal year ending June 30:

By T. W. WATSON,
City Manager of Glendale

The gross revenues of the water business were $95,230.97 and for the electrical business $185,058.16, a total of $280,289.13. The gross expenses for the year were in the water business $78,451.36 and in the electrical business $106,007.95, a total of $184,459.31. Excess revenue over expense was water business $16,779.61; electrical business $79,050.21; a total of $95,829.82. This figure represents the net earnings of these utilities after deducting from the gross revenues the expense of operation including bond redemption and interest and reserve for depreciation. The reserve for depreciation was water business $11,204.76; electrical business $13,580.40; a total of $24,785.16.

Reinvestments Are Made

Owing to the immediate need of funds to take care of betterments and extensions in the electrical business and meters and services in the water business which require a large sum on account of the rapid growth of the city, the policy has been to reinvest the reserve for depreciation in additions and betterments to the plants respectively, therefore the amounts deducted from revenue for

Following the convention Miss St. Clair went to Philadelphia, where she is now visiting with friends and relatives, while the other two young ladies came westward, stopping off at various places of interest. Boys Hear Call of Open, Also Voice of Police Judge Lowe

The "call of the open" evidently was too strong to be resisted by two youths from San Francisco who were picked up by Traffic Officer Merle Collins this morning at San Fernando road and Doran street after it was alleged they had tried to break into the Puente oil station at San Fernando road and Colorado street with a claw hammer. The noise awakened the attendant of the station who gave chase with a gun to the point where they were taken into custody by the officer.

When taken before Police Judge F. H. Lowe this morning the boys gave their names as Daniel Neal of 65 Latonia street, San Francisco, and Cecil DuBose of 1129 Mendell street, San Francisco, and their ages as 15. After severely reprimanding the youths for their summer escapade and cautioning them to mend their ways they were dismissed by Judge Lowe and started on their homeward journey, with instructions to report to their parents.

Which ends their story of the call of the open and the search for adventure.

H. S. Webb Sale Will Be Ended on Saturday

Tomorrow marks the closing day of the H. S. Webb company's first sale—the most successful week's business in the history of this local department store, according to Mr. Webb.

Coming as it did in the last week of July, the splendid response to the advertisements carried in The Glendale Evening News makes Mr. Webb feel quite elated.

"I attribute the great success of this sale to a happy combination of scientific advertising and big bargains. When prices are right and you tell people about them, the logical result is good sales."

Friends Pay Tribute to Rev. S. Warner

A host of beautiful floral offerings and the great number of friends who attended the funeral services of Rev. Sylvanus B. Warner Thursday afternoon at the Jewel City Undertaking parlors helped to show in part the love and admiration that grew in the hearts of all who came in contact with him.

Rev. C. M. Crist conducted the services, assisted by Rev. C. R. Norton, pastor Emeritus, who represented the Retired Ministers' Association of which Rev. Warner was a member, and Dr. William A. Brown of Chicago, head of the Commission of Evangelism of the Sunday School Board of the Methodist church.

A quartette, consisting of Miss Isgrig, Mrs. McGregor, M. S. Kuehny and J. A. Haines, sang "Jesus Lover of My Soul" and "Rock of Ages," following which Dr. Norton spoke a few words of appreciation of the deceased. Dr. Brown, who has known the deceased since boyhood, spoke most impressively of the life of Rev. Warner. He stated that having lived in the home of Dr. and Mrs. Warner he had always felt that their home life was as near heaven as anything on this earth could be. Rev. Warner had never been heard to say an ill word about anyone and would never allow a person to be criticized in his presence. This quality helped him wonderfully in his work as a minister and has won the love and respect of all who came in contact with him.

The death of Dr. Warner seems hardly the ending of a long life of goodness and kindness, but the beginning of a higher calling, concluded Dr. Brown.

EAST SIDE SCENES PICTURIZED FOR 'CHEATED LOVE'

Carmel Myers Is Starred In Production Being Given at Glendale Theatre Today

Since the great success in New York of the Jewish Art Theatre movement, the eyes of the dramatic world have been focused on the Jewish drama, and many of the plays produced in the Yiddish theatres have been translated into English and find their way to the Broadway stage.

This fact lends additional interest to the story of "Cheated Love," in which Carmel Myers is starred by Universal and which is today's attraction at the Glendale theatre. Many of the scenes, in this story of New York's East Side are laid in and about a little Yiddish theatre, where a group of earnest and conscientious artists are trying to express their feelings and emotions under trying conditions. Miss Myers plays a role of a beginner in this dramatic hovel, while the celebrated French actress, Mme. Rose Dione, plays the role of the famous Polish star who comes to play a guest engagement.

Aesop's Fables Modernized, a Century dog comedy called "Pals," and Urban Movie Chats complete the program.

American Gunboats In Rush to Protect 200 Foreigners In China

By CHARLES EDWARD HOGUE
United Press Staff Correspondent

WU CHANG, China, July 29.—Civil war in China hung in the balance today. Tuchin Chao Hang Ti, heading the armies of the Hunan province, has temporarily retarded hostilities at the city of Changsha.

Choa's army and that of Tuchun Wang Chan Yuan from the Yangtze valley clashed near Changsha in a preliminary engagement. Changsha was partially burned, according to reports.

The safety of 200 foreigners in the city appeared uncertain. American gunboats are rushing to the scene, according to reports, although the foreign consuls in the district are uninformed of the fact because the wires have been cut.

Dr. Su Yat Sen is reported to be personally en route to Hongkow and Peking.

The civil war between the chieftains of the two provinces is threatening the overthrow of the Peking government and the establishment of a new capital of China at Wuchang, in Hupeh province, half way between Peking and Canton.

If the present movement is successful a constitution government would be set up at Wuchang with General Wu Poi Fu, war lord of the China province, at its head.

General Wu is head of an army which is being rushed to the Yantze valley. His forces will decide the issue between Chao and Chan whose forces are already facing each other.

The fighting last night was mostly the result of outpost skirmishes.

General Wu is ostensibly on the side of Wang Chan Yuan, but it is reported that he has a secret agreement with Chao Hang Ti whether he will turn his forces against Chan and will take control in central China by making concessions to Chao. With Chao pacified and sent home satisfied, General Wu, regarded as the greatest military factor in China, would have undisputed control of central China. He will probably set up a government at Wu Chang, which would threaten the government at Peking.

The establishment of such a government by General Wu would generally be regarded as the first step toward bringing about a unified constitution government in China on the order of the United States government, as it is thought that General Wu would at once seek an agreement with the Canton government which would bring about unity in central and southern China, thus leading to the complete overthrow of the government at Peking.

War of Klans Is Now Threatened In Texas

DALLAS, Texas, July 29.—A war of the klans threatened Texas today. At Beaumont a letter addressed "Ku Klux Klan," and signed "Anti-Ku Klux Klan" was sent to a newspaper. It served notice that 100 men had organized themselves to "shoot down like mad dogs men found to be members of the 'klan.'" The letter closed with the warning that "there will be many widows in southeast Texas if the gang is not disbanded upon reading this notice."

At Texarkana last night masked men entered a dancing pavilion, kidnaped Gordon Harrison, negro orchestra leader, and whipped him, he told the police. The abductors warned him to be careful in his relations with white people, he asserted.

FRONTIER HISTORY IS FEATURED IN THIS PICTURE

'Bob Hampton of Placer' Is Palace Grand Attraction Today and Tomorrow

One of the most picturesque and gripping chapters of American frontier history is revived on the screen in Marshall Neilan's picture version of Randall Parrish's stirring story, "Bob Hampton of Placer," at the Palace Grand theatre today and tomorrow.

Director Neilan is said to have employed more than 2000 Indians and soldiers to reproduce in this motion picture General Custer's gallant last stand against the Indian tribes of the far west.

James Kirkwood has the title role in this story, which is one of love and adventure, as well as battle with the redmen under Sitting Bull. Wesley Barry's smiling face and uncounted freckles will also be seen in a role especially created for him by Mr. Neilan.

Marjorie Daw has the chief feminine part, and other important players to be seen in this production are Pat O'Malley, Noah Beery, Frank Leigh, Dwight Crittenden, who portrays General Custer, Tom Gallery, Priscilla Bonner, Charles West, Bert Sprotte, Carrie Clark Ward, Vic Potel and Bud Post.

This is a 1921 picture and with the usual fillers, it should prove a big drawing card this week-end.

Invitation to Hanging Refused Many Women

CHICAGO, July 29.—Plans to make a pink tea affair out of a hanging bee were thwarted by Sheriff Peters today.

The sheriff stated he had turned down many society women and other prominent Chicagoans who asked him for an invitation to witness the hanging of Carl O. Wanderer, who killed his girl wife and a "ragged stranger" he hired to stage a fake holdup.

"Only the usual number of invitations will be issued," said the sheriff.

In Chicago, where there is a hanging or two every Friday morning, cards reading "you are invited to attend the hanging of so and so at the county jail," etc., are issued.

"If people had their way, a hanging would be about as exclusive as the union depot," Peters said.

Ad In Evening News Is Clew to Relative, Unheard Three Years

Mrs. Hattie Sinclair of 360 West Harvard street recently moved here from the state of Washington. She was a former resident of Hollywood, but liked Glendale the more on her return.

While reading The Glendale Evening News display advertisements last Friday she noted an ad inserted by Kaighin & Everette telling of Kaighin's chocolates which are made here.

This gave her a clew to a niece from whom she had not heard in three years time. Yes, it was Mrs. Clarence Kaighin and maybe both weren't glad to learn of the other!

And it is proof positive that a person profits in more ways than one when advertising in a paper of general local circulation like The Glendale Evening News, says Mr. Kaighin.

Allied Cabinets In Session Over Silesia

LONDON, July 29.—British and French cabinets held special sessions today to discuss their divergent views on upper Silesia.

Premier Lloyd George discussed with his ministers the French insistence on the immediate dispatch to troops to Silesia. The British foreign office was reported to be adamant in the belief that the allied supreme council should meet before troops are sent.

In Paris, Briand laid the British position before his advisers.

Owner of Chain Banks Is Put Under Arrest

FARGO, N. D., July 29.—T. L. Beisecker of Fessenden, N. D., owner of a chain of banks in North Dakota and Montana, is under arrest, charged with making false entries in his books and otherwise violating the national banking laws.

Two of the banks controlled by Beisecker were recently closed because of shortage at Towner, N. D., and at Plentywood, Mont.

Beisecker is one of the wealthiest men in the state. His home at Fessenden is valued at $100,000.

Town Is Destroyed by Fire; Loss Is $500,000

TERRE HAUTE, Ind., July 29.—The mining community of Shepardsville, north of here, was practically wiped out by fire yesterday with a loss of approximateely $500,000.

Approximately 1,500 persons lived in the mining camp and many lost all their possessions.

Appeals for help from fire departments of Terre Haute and Clinton were received, but the assistance did not arrive in time to save the village.

SEEK TO GET CONFERENCE

WASHINGTON, July 29.—Invitations which have been received by the state department from a number of Pacific coast cities for a Pacific and far eastern conference to be held there, will not be accepted, it was said definitely today at the state department.

The following cities have sent invitations to Secretary of State Hughes in connection with the conference: Pasadena, San Francisco, Seattle, Portland, Los Angeles, Tacoma and San Diego.

FAVOR UNLIMITED POWER

WASHINGTON, July 29.—The senate finance committee has voted a favorable report on the bill giving Secretary Mellon unlimited power to arrange for collection of foreign loans.

The only limitation put on Mellon's power by the committee was an amendment by Senator Penrose, Pennsylvania, requiring that the refunding of foreign loans be finished within five years.

States Woman Better Bettor Than Is Man

By J. F. BEAMAN
United Press Staff Correspondent

COLUMBUS, O., July 29.—Gambling damsels have made up for the loss of Europe's aristocracy in the "sport of kings."

Pin money and weekly wages of the female betting friends are flooding the pari-mutuels, "Pop" Geers, famous sulky rider, declared today in explaining the revived enthusiasm and crowded stands that have attended spring race meetings of the grand circuit this season.

"Women are better bettors than men," Geers chuckled, as he told of the new order of things in the turf world. "Pretty near all of the ladies in the stands send down a little bet on each race of the day and they pick some winners, mighty often—women's intuition, I suppose you'd call it.

"It's the debutante and the high headed bejeweled society matron that are getting the thrills out of picking a long shot," according to "Pop."

"The women are getting free and easy nowadays," the grizzled pilot explained. "They are wearing the pants. They are getting just as bold as the men about where they go and what they do."

"Pop" laid it all on the war. Responsibility made women better able to care for themselves and more independent, he believes.

The birth of the female "railbird" saved the sport of kings from going out of business along with the other victims of the world war, he said.

White Russia in the west, Ukrania in the south, Don, Tourida, Kuban, Terek and Georgia in the southeast have declared themselves free soviet republics.

THESE GIRLS FIND MATES; METHODS ARE EFFECTIVE

Band Together, Start Out On Hunt, Corner Males, Then They Won And Win

MANILA—The Ifugao girls in one of the mountain provinces of the Philippines have solved the man problem. There is a town of 2000 women and only 800 men. The ambition of every woman in the hills is to have a husband and a baby. The surplus girls saw little hope.

So a band of twenty started out to find mates of their own. Every girl was magnificent. They visited several villages and inspected the bachelors. Gradually, one by one, they found young men that suited them and each wooed and won her choice—a sort of leap year device said to have proven very effective.

"Colangs" Maintained

In the Bonotoc villages there are institutions called "Colangs" where young, unmarried women live. To this place, by custom of the tribes, it is the privilege of a girl to invite a young man to become a sort of "trial husband." If the stork comes the marriage is considered a success. The girl is highly honored, and assumes command of a home and family.

But it must be remembered that these people and these customs prevail only in the far hills, and that the rest of the Filipinos are trying to forget them. They bear about the same relation to the general civilization of the islands as the American Indian customs to the whites.

Patient Prisoner

Occasionally in investigating conditions in the Philippines the American mission stumbles across a tragedy or a mystery. In inspecting the old Spanish prison at Batangas in Batangas province recently, a special party headed by Col. Gordon Johnston and Commander Stewart Bryant found a woman of one of the "invisible tribes" alone in a dim cell in which the only furnishing was a bamboo cot.

She stood in the center of the cell, her hands folded in front of her, and her head down so that no one could see her eyes. She was only a little kinky-haired negrito woman of the hills, but she looked so like a patient, dumb animal that the colonel began an inquiry.

Infanticide was the terrible word whispered about her. Every one in the town, even her own people of the hills, shunned her.

"My husband says I killed my son," was all that could be elicited from her lips.

Mr. and Mrs. Johnson Move Into New Home

Mr and Mrs. J. H. Johnson and small son have recently moved into their new home at 504 East Acacia avenue, after an absence from this city of several years, during which time they have resided in Riverside. Mr. Johnson, who was engaged in the telephone business at Riverside, is now employed in Los Angeles as a "wire chief" of the telephone company.

Mr. and Mrs. Johnson purchased their new home from the MacGregor realty company.

This Woman Proposes to Walk Her Way Into United States Senate

SAN FRANCISCO—Mrs. Lydia Adams Williams, of Nevada, is planning to hike to the United States senate, and she plans to enter the senate chamber not as a spectator, but as a member.

This is not to say at all that Mrs. Williams' intention is literally to cover the territory between Nevada and Washington. She is really planning to walk into victory at the polls in 1922.

After she announced her intention of running for senator Mrs. Williams donned men's hiking clothes and made a tour of Nevada on foot in order to get acquainted with her hoped-for future constituency, and to learn actual conditions throughout Nevada in order to be well loaded with the straight facts during her campaign.

Mrs. Williams has been in San Francisco conferring with a number of prominent women in civic and political women's organizations.

She is well known throughout Nevada, having been born there, and having lived there a good many years of her life.

She is also well acquainted with Washington, as she was employed for seventeen years in the department of agriculture.

She recently attracted wide attention as a speaker, and was the first woman delegate to the fourteenth irrigation congress held at Boise, Idaho.

ALLEGED SLAYER CAUGHT

LOS ANGELES, July 29.—After being trailed over the Mojave desert in a spectacular automobile chase with Sheriff Mohoney of Kingman, Ariz., on his heels, W. A. West was captured here and booked on a charge of murder.

West, an oil operator, is alleged in a telegraphic warrant to have murdered his partner, Lem Smith, following a bitter quarrel. He fled to Los Angeles, with Sheriff Mohoney in pursuit.

The returns are to be made through the various branches of the treasury department, de la Huerta's order said.

Famine and Rioting Spreading In Russia

By E. L. KEEN
United Press Staff Correspondent

LONDON, July 29.—Famine and riot spread over Russia today, holding a threat of a greater death toll than resulted from that country's part in the war and her revolutions.

More than 10,000,000 men, women and children were suffering from drouth.

Staggering caravans, setting out from the Volga region in search of food, stripped the country as they went. Cavalry horses, fire horses and cart horses disappeared as the miserable refugees passed by.

In cities, rations were cut. Leon Trotsky, as food dictator, reduced army supplies.

In Petrograd two regiments revolted because of the food cut. Civilians there started a demonstration against the rations edict, 4100 of them being killed and 1500 wounded.

The famine situation was complicated by the almost complete breakdown in transportation. With fair supplies of food in some sections, notably the Ukraine regions, authorities were unable to distribute it.

The great famine region represents one-twentieth of Russia's territory but is a region that ordinarily supplies one-half the country's food stocks.

Mountain Lions Have Liking for This Pair

CUTLER, Cal.—Mr. and Mrs. R. E. Wilhelm are wondering why they are such a great attraction for mountain lions. They just returned from a camping trip, during which a mountain lion came into their camp one night to investigate.

When the Wilhelms went on a camping trip for their "honeymoon" a short time ago, they also encountered a mountain lion.

Mrs. Wilhelm awoke in the night to find it about to pounce on her. Mrs. Wilhelm instinctively seized a gun, in order to protect herself if cornered, and then ran to the creek, planning to get into the water if the beast pursued her, as she had heard mountain lions were very averse to the water.

Her fears were dispelled, however, for the beast did not follow.

Heavy Demand Coming for Lumber, Is Claim

KLAMATH FALLS, Ore. July 26.—(United Press)—General improvement in the lumber industry during the coming autumn was forecast here by Edward Hines, of the Hines Lumber company.

"Thousands of men," he said, "will return to the lumber camps this fall, and the first of next year will see a large, continuous demand for lumber for all purposes. Mill prices for lumber, however, will not go back to pre-war levels. The lumber industry is now in a particularly fortunate condition. The lumber industry is not dependent of foreign trade to revive business. Lumber prices have been cut, and considerable building demand has already begun."

Money Must Be Sent Back, Officials Rule

DENVER, Colo., July 29.—Organizers and trustees of the alleged mythical "centennial state university of Colorado," today were to return $450 to honorary degree aspirants following discovery by postoffice authorities that the "university" did not exist and that honorary degrees were being offered for sale through the mail.

Five letters were received today from as many persons desirous of a string of letters after their name. Each letter contained a check for $25 and an order for a degree. This money will be refunded, it was announced.

The fig seems to have originated around the Mediterranean, particularly in Syria, Palestine.

'DEAR KATIE' LEARNS ABOUT BAD CASE OF BUNGOLITIS

Strivin' Reporter Has Bite and 'Disease' Breaks Out In Numerous Places

Glendale, July 29, 1921.

Dear Katie:—There ain't no reason why you should go into a fit of hysterical alarm when I tell you as how Glendale has got a severe case of bungolitis.

The truth of the matter is that there is more bungalows bein built in Glendale every day than there is divorces bein handed out in Hollywood.

And Katie, if my wages went up the way new buildin's is goin up in this here town, I'd be a millionaire before Christmas.

In this "Land of Beginning Again," every man wants a home of his own, to have and to hold, cause for pleasures and palaces of Paradise, there's no place like a home in Glendale.

And so Katie, figurin as how sooner or later you'll be comin to Glendale, I been tryin to figure out how I can build a bungalow for you and me to live in after we're married.

No, It's Not Funny

Maybe the idea of how a strivin' reporter could ever save enough out of a ribbon clerk's salary to ever buy a home of his own might strike you as impossibly funny in itself. Well Katie, it IS impossible, but it ain't funny. Here I am about as close to bein financially exaggerated as Friday is to Saturday and if them real estate guys was givin away a complete set of furniture with every house they sold, I couldn't even buy the mountain view from the front porch of one of em.

Maybe you are wonderin how I have come to these cast iron conclusions which the same is as binding as a traffic cop's decision. Well Katie, here is how it come about. In the first place, we got a new neighbor from Iowa, which the same is buildin a new home for himself and that same guy knows more about buildin bungalows than Edison does about lightning bugs.

Well, the other day I says to him, how much will it cost to build a bungalow for Katie and me without countin no fuss and frills.

It All Depends

Well, he says, it all depends on the size and shape of the rooms and he says as how if I would draw a map of what I would like, he could tell me about what it would cost.

So I come home again Katie and I got a tape measure and a pencil and a piece of paper and I set down on the kitchen floor to draw a map of a bungalow for me and you.

Right off the bat I figured on makin a little house, cause I wanted to pay cash for it and not buy it on time, cause nobody would be chump enough to trust a strivin' reporter anyhow, on the salary he gets. Well Katie, I drawed a nice map of a house for room, board and confinement which the same included a bedroom, a dinin' room, a kitchen and a bath room and I put in more windows as there is in a green house. So I took my map over to our neighbor from Iowa and I showed it to him and I says to him, how much would it cost to build it?

It Looked Familiar

Well Katie, he looked at it and he says as how he reckoned it looked more like the diagram of the county jail. Then right away he begun to figure on a piece of paper and I couldn't tell nothin about his figures, which the same looked like a flock of bad examples.

He seemed to be multiplyin' the width of the house by the length of the chimney and dividin it by the number of windows and then addin in the number of shingles and at last he says as how such a house would cost me $1750.00.

At that, the floor flew up and hit me on the chin. Katie, I'd fainted outa simple surprise. Well, when I opened my dark eyes, I got up and I says, as how I guess I'd been cashly over rated and I better make another map, cause all I wanted was a little home in the west, with a little fence runnin around it and everythin, instead of a palace for a movie actor. So I come home again Katie, feelin about as downcast as a straw hat under a horse's foot.

Try, Try Again

I got another piece of paper and I got busy again.

First I decided as how we could use a wash tub in the kitchen to take a bath in, so I cut out the bath room. Then I cut out the kitchen, cause we could wash and cook in the dinin' room. Well that helped some, but still it looked too expensive. So finally I decided to cut out the dinin room, cause I figured by the time I got the house built, we couldn't afford to eat anyhow. But I couldn't cut out the other room cause if I did the roof would fall in.

Then Katie, I took my map over to our neighbor from Iowa to see if I could get my house built within postal card distance of a reasonable price for cash.

Well, he looked at it a minute and he says, do I want it sculptured in ambrosial stucco or words to that effect and I says, no I would want it built in the Verdugo Woodlands.

Then he says, how much money have I got, and I says as how I got $92.40 in the bank and 20 cents in stamps.

For a minute our neighbor from Iowa looked like he was goin to have a fit or somethin and then he managed to say as how I was still $700.00 short.

Well Katie, I didn't say nothin back at him, but I come home and throwed my map in the ash can.

All I got to say is that when you come to Glendale, you and me is goin to dwell in the great outdoors, beneath the turquoise skies of California, which the same in itself is a Heavenly abode between snow peaks and orange groves. In other words Katie, we're goin to pitch a tent in the Verdugo Wash.

Yours, as advertised
E. C. HALE.

Favorable Report on Bottling Works Made

The following report from T. W. Watson, city manager, was filed at the meeting of the city council last night:

"In regard to the application of Mr. Vincient to establish bottling works near the corner of Gardena avenue and Eulalia street referred to us the 21st instant:

"Upon investigation we find that this is to be rather a small establishment for the purpose of bottling honey. It will be located on the south side of the alley about one hundred and fifty feet from Gardena avenue and Eulalia street. I understand that it is the intention of Mr. Vincient and his associates to build cottages on the remainder of their property at this location which includes the entire plot between the alley and Eulalia street fronting west on Gardena avenue. According to their plans as they have outlined them to us, the bottling works will be situated at the northwest corner of their property and will not front on Gardena avenue or Eulalia street. I have interviewed several residents in the vicinity in regard to this matter and find no objection thereto."

Japan to Build City for Care of Diseased

TOKYO—The Japanese government is considering elaborate plans for the control of leprosy which is at present but little cared for. It is estimated that there are some 16,000 lepers in Japan, of whom only 1500 are being looked after in private and public asylums, the remainder being allowed to be at large, a constant source of infection.

The government now expects to take serious steps to prevent further spread of the disease by building a model city where the lepers may be gathered together and where proper treatment may be given them. This city is to have all the advantages possessed by the most modern cities in the Empire.

LOCAL SPEED BOYS ENTER HANFORD AUTO CONTEST

Eddie Winfield and Sam Durand to Direct Ford In Race August 23

The many Glendale automobile racing fans and "fanettes" will be interested to learn that Eddie Winfield and Sam Durand, the local dirt track demons, have officially placed their names on an entrance application for the scheduled fifty-mile race to be staged at Hanford on August 23. The classic, which is to be run under the sanction and direction of the contest board of the American Automobile association, will be of the keenest competition, as a number of well-known Pacific coast speed annihilators have already signified their intention of entering the race.

The fifty-mile race, which will be part of a carnival and celebration to be held at the central California city for two days, will be run over the same course on which the Glendale entrants won second prize in the recent Independence Day sweepstakes.

To Use Same Machine

The same machine, which is a specially constructed Ford, will be driven by Winfield in the coming event. Both he and his mechanician, Sam Durand, are spending several hours daily in an effort to add a few miles an hour to "Old Trusty." The entire motor is being taken down, and both of the youthful daredevils predict a better machine than that which displayed such remarkable speed on the Fourth.

"Of course," smiled Eddie, "the old 'boat' will be equipped with the Winfield carburetor. That's what did the work for us before."

STUFF WAS ALL RIGHT

UNINVITED VISITOR TO GLENDALE IS HELD PRISONER

Comes Here With Trail of Death Behind Him; Put on Display In Store

There's an uninvited and unwelcome visitor in Glendale.

He is a member of the Arachnoid family. He came here from the West Indies. He is fierce looking and has a bad record.

Putting it bluntly, he is a poisoner! He comes to Glendale leaving a trail of death behind him.

Mr. Tarantula, for that is the name he goes under, was taken into custody almost as soon as he made his appearance in this city; he is being held in close confinement.

In other words, Mr. Tarantula is being kept where he cannot get away; he is in a bottle.

Mr. Tarantula was discovered early yesterday morning at the Glendale Grocerteria by H. E. Rogers as he was dividing a large bunch of bananas which had just arrived from the West Indies.

Adopted by Finder

The tarantula, which was placed in a glass jar for exhibition purposes, measures almost three inches in diameter and weighs practically a quarter of a pound. Its body, which apparently consists of two large viscera, is colored almost jet black, with a coat of brown fuzz completely surrounding it. Its legs, of which there are ten, are long and rangy, most of them being of different lengths.

Mr. Rogers, who has officially adopted the tarantula, has already made friends with his ferocious protege. At regular intervals he is seen rummaging around the back of the store in search of tender flies and worms for little "Precious."

But, of course, the little darlin' is carefully kept in the glass jar—on the inside looking out, while curious stand on the outside looking in.

The budget adopted closely follows the outline suggested by T. W. Watson, city manager, a resume of which has already appeared in The Evening News.

The total revenue estimated under the budget is $196,471.55. In connection with the matter last night, the city manager submitted the following communication:

"Pursuant to verbal instructions given us Monday evening, the 25th instant, following the hearing on the budget held on that date, we have prepared and present herewith general budget for the city of Glendale for the fiscal year ending June 30, 1922, and public service budget for the same period. We have incorporated therein estimates of revenues and expenditures submitted to your council the 14th instant as modified by supplement thereto submitted the 25th instant together with the several items agreed on by your council in committee Monday evening.

"Section 7 of Article II of city charter provides that the council after holding a public hearing upon budgets and estimates as submitted by city manager and making such corrections or modifications therein as may seem advisable shall adopt by resolution a public service budget and a general budget. Accordingly we have requested city attorney to prepare for your consideration resolution adopting a public service budget and a general budget."

CHIROPRACTIC Fundamentals

Innate intelligence builds the body and governs it through the brain and nerve system, by means of mental impulses.

A misaligned vertebra pinches the nerve and stops the flow of impulse to an organ or part of the body supplied by that nerve.

Pressure of a nerve through a misaligned vertebra is the cause of disease.

Adjustments of the vertebra by Chiropractic removes the cause of disease.

City's Water Policy Will Be Presented

A communication from P. S. McNutt relative to the policy of the city in furnishing water for the Sierra avenue district in the event that district should annex to Glendale at the election called for next month, was discussed at the meeting of the city council last night.

T. W. Watson, city manager, submitted a lengthy report on the subject and, on motion of Councilman A. H. Lapham, Mayor Spencer Robinson was instructed to draft a letter in reply to Mr. McNutt. The communication is to contain these paragraphs from the city manager's letter to the council:

"That such districts as are tributary to the city of Glendale and that are dependent upon the city for a water supply, would be furnished water from the city of Glendale upon the following plan:

"First. Such districts would annex to the city of Glendale.

"Second. Municipal improvement districts would be organized therein and bonds of such district issued to cover the cost of distributing system and such supplemental pumping plants and reservoirs that may be needed.

"Third. Bond redemption and interest on bonds issued by such districts would be met by tax levied upon the assessable property of the districts, respectively, with the understanding that the same proportion of the revenues derived from the sale of water within each such districts would be devoted to bond redemption and interest on the bonds of such district as is devoted from general water revenues to bond redemption and interest on bonds issued on account of general water system. In this way as these districts develop and the revenues from the sale of water therein increase the tax on account of bond redemption and interest on water bonds of the district would decrease."

Procedure In Checking of Maps Is Proposed

T. W. Watson, city manager, last night submitted to the City Council the following suggestion regarding checking of maps presented to the council for approval:

"I submit herewith for your consideration resolution providing the procedure for the checking of maps before the same are presented to your council for approval. I believe a specific procedure as outlined in this resolution is necessary in order that the city's interests be given full consideration before such maps are approved by your council.

"As matters now stand maps are presented in some instances within an hour or two of a regular meeting of your council and are hastily reviewed by the city engineer and presented for approval. The adoption of this resolution would require that these maps be presented at least twenty-four hours before a regular meeting and that they be checked to ascertain if the streets shown thereon, if any, conform to the general street system of the city, are of proper width and as to whether they conform to any proposed project of city development that might be under consideration; also as to the acquiring by the city of easements at rear of lot lines for pole lines or rights of way that may be necessary for any other public utilities."
